HAVE YOU SEEN THE NEW MAGTAG ELCTRIC WASHER?

It will be a pleasure to show you its many advantages.

It is made of cast aluminum which does not rot, swell, shrink or rust.

Although small in size it is of great capacity washing the average of 50 lbs clothes per hour. There is no cylinder or other bulky mechanism inside machine to take up a lot of room and make a big bulky machine, the WHOLE IN.

SIDE of this machine being occupied only by clothes and water and gyrator.

We will be pleased to do a
a FULL WASHING for you.

NEW AUTOMOBILE CONCERN IN HOLLAND

CLARK HOFFMAN SELLS INTEREST IN THE BOSTON RESTAURANT

Clark Hoffman who for some years has been identified with his father, Nicholas Hoffman in the Boston restaurant has sold his holdings to his "dad" and has gone into the automobile game. Mr. Hoffman has rented the building of John Boone, formerly occupied by the Holland Salvage Co., on 7th street and Central avenue and has established an Oldsmobile agency.

He has just driven in two cars from Lansing, the very latest models, one a touring and the other a brog-ham.

The Olds agency was formerly conducted by D. B. Thompson, but Mr. Thompson has recently gone into the Oil Gusher game in Texas with much success.

Mr. Hoffman will not only keep a salesroom but will carry Olds necessities and make Olds repairs.

PAPER LAUDS HOLLAND MEN IN VERSE

FORMER MAYOR IS DESCRIBED IN INDIANA LIMERICK

The Evansville Courier in its limerick column is giving a take-off on former Mayor Henry Brusse of Holland and Richard Hoodema, also formerly of this city who is superintendent of the Brockstege Furniture Co. at Evansville.

The poetical contribution in the Indiana paper follows below:

Hoodema and Brusse are fine friends,
and make a real pair,
They used to wear wooden shoes,
way up there,

They came from up in Holland, in
The Old U. S. A.

That is just off Lake Michigan; along
the shores of the Bay.

ICE IN BLACK LAKE WILL NOT HINDER SHIPPING

The ice in Black Lake is only about eight inches thick and is thoroughly honeycombed.

Local representative J. A. Johnson of the Graham & Morton Co. stated that the "City of Grand Rapids" will have no trouble breaking her way through the soft ice when it steams up the channel next Thursday morning.

"The City of Holland" will soon be fitted out so as to be ready to alternate with the "City of Grand Rapids," at any time freight traffic gets too heavy for the one steamer.

A WHEEL WITHIN A WHEEL

The Rotary club, a National organization of which there is one in Holland, is slogging around a large wheel emblematic of the order.

Recently the wheel has been traveling all over the state even to the most northern part of the northern peninsula.

The Holland club recently got its hands upon the wheel which amongst club members is quite an honor. But the wheel can't stay in one place forever. It has got to keep on rotating and Tuesday A. H. Landwehr, Carl A. Bigge and E. E. Fell whirled the wheel to Kalamazoo where it was left with the club of that place. The Holland men were called upon for speeches and responses came from Kalamazoo Rotarians.

From the celery city the wheel will rotate to some other town where a live rotary club exists.

NAVIGATION TO OPEN MARCH 15 FROM THIS PORT

Although the Graham & Morton Transportation Co. had intended to open navigation from this port in February, seeing that December and January had remained so mild, the wintry blasts during the shortest month in the year also blasted the hopes of the officials of the company. The intention had been to try to begin shipping February 23; however the severe snow storms, the most intense in years, put an end to these calculations.

In spite of this first disappointment, navigation will open at least ten days earlier than last year and last year was earlier than ever. It has now been definitely decided that the first boat, "City of Grand Rapids," will leave Benton Harbor for Chicago on Tuesday, March 13, where the balance of a new crew will be taken on.

The steamer will start out from Chicago on Wednesday night, reaching Holland early Thursday morning, March 15, leaving Holland at night to begin the tri-weekly schedule, namely Tuesdays, Thursdays and Saturdays out of Holland and the days following out of Chicago. The leaving time will be about 8 o'clock from the Holland docks.

Ice conditions near the outer harbor are still bad. Two days ago the field extended out at least 15 miles. It is hoped that a strong east wind will blow the ice into mid-lake and break up; however, there are still large rows of icebergs at the north pier, some more than 50 feet high, and not a few are anchored to the bottom of the lake. The Grand Haven coast guards report open water cannot be seen outside the large ice field, which is unusual at this time of the year.

A marriage license was issued in Ottawa county to Vincent Vidak, 25, of Grand Haven and Lillian Rue, 19, of West Olive.

OLIVE TOWNSHIP TO SPLIT; NO. 2 WANTS TO GO IT ALONE

SECOND PRECINCT WANTS TO BE CALLED PORT SHELTON TOWNSHIP

Olive township may be split into two townships at the voters in the second precinct have their way, and the Board of Supervisors at its next meeting in April grants the split.

There have always been two precincts in Olive township and consequently two voting places for the convenience of those who live too far away from either one or the other.

All this time both precincts have been governed by one set of township officers. It has been stated that the voters in Precinct No. 2 want township officers of their own for the reason that in the first place Olive township stretches over too much territory. In the second place Precinct No. 2, like Park township, which seceded from Holland township a few years ago, is becoming more and more a resort and a summer resident district. Those living in Olive Precinct No. 2 do not have so much in common with their neighboring precinct to the east.

Anyway the question has been rife for some time that Precinct No. 2 elect its own officers who have something in common with the precinct in which they live, and it is considered that officers elected from precinct No. 2 can serve that particular precinct better because of closer relationship than officers from Precinct No. 1, from where the majority of the officers have been coming from of late years.

The new township wants to be called Port Sheldon township if the Board of Supervisors decide to make the split.

STEEL CLAD AUTO BOW CO. ACCOUNTING CASE IN COURT

Judge O. S. Cross is in Grand Haven today taking up matters in connection with the accounting case brot by H. R. Schnaar against the Steel Clad Auto Bow Co. and D. W. Jellema, secretary and treasurer of the company. Matters to be covered by the accounting include transactions running through a period of years since the organization of the company in 1915. Mr. Schnaar is represented in the proceeding by Attorneys Olapertson & Owen, Grand Rapids, while Mr. Jellema and the company are being represented by Attorney Thos. N. Robinson of Holland.

GRAHAM & MORTON WILL LOWER SOME PASSENGER RATES

LOWERED FREIGHT RATES IN BOTH 1921 AND 1922

Since navigation is to open next week Thursday the "City of Grand Rapids" leaving Holland for Chicago on the tri-weekly trip, the company wishes to announce that during 1921-1922 freight rates were lowered all along the line.

Even though business is looking up and there will be "oceans of freight" the rates during 1923 will remain the same.

The passenger rates which were lowered in 1921 will remain the same, excepting that the 20-ride family books have been reduced from \$50 to \$45. Special resort advertising too will be gotten out by the Graham & Morton this season.

FORMER HOLLAND MAN IS ON COLORADO BOARD OF HEALTH

Ed Scott of the North Side, has received information that Governor Sweet of Colorado has appointed his brother Dr. Alex W. Scott of Fort Collins as one of the three members of the state board of health. Judging from the Rocky Mountain News published in Denver, the governor's appointments were made in spite of the political machine holding sway in Denver. Anyway Alex Scott is well known by older residents of this city as being the son of the late Dr. Scott at one time president of Hope college.

Years ago, Alex Scott, the man in question was the pharmacist in the drug store of the late Dr. F. J. Schouten and he was employed there also when the older brother first conducted the place.

EFFORTS ARE BEING MADE TO GET THE GENERAL MEADE HERE EARLY

With the opening of navigation the water conditions in our harbor are of vital importance. Soundings taken yesterday by the Holland Coast Guards show that there is only 16 feet of water 300 feet outside of the breakwater in the center of the channel.

The harbor should have not less than 20 to 22 feet at that point.

Efforts are now being made to get the government dredge General Meade to start operations early this spring in order that she may take away the bar at the harbor's mouth enabling steamers to make this port under any weather conditions.

Prospects for a shipping business this year are better than ever, and Holland cannot be slow when it comes to harbor facilities.

Holland harbor is one of the best assets this city has when it comes to added shipping facilities and every citizen should get back of this project with might and main.

Talk Holland harbor whenever there is an opportunity. Bring your influence to bear upon men who really can do something for this port.

THREE FIRES AT THE SAME TIME

ONE OUT OF TOWN FIRE WAS TAKEN CARE OF

The efficiency of fire trucks has again been demonstrated when three alarms for fire were turned in at about the same time.

One came in from box 12 which proved to a roof fire on the home of Jacob Lokker, East 9th St. The damage was nominal.

A few minutes after the first alarm had been blown box 34 was pulled. A roof fire on the home of Harry Klomparsens was the cause of the second alarm. The damage was only small.

Fifteen minutes later and after these two alarms were taken care of a call came in from the north side beyond the city limits where a fire was discovered in the roof of the home of Al Boerman. The chemical truck put this fire out but not until damages of \$150 was done by the flames.

COUNCIL ASKED TO CONDEMN TWO OLD BUILDINGS

The common council was up against two building condemnation proposals at its meeting Wednesday night but in neither case did the aldermen feel justified in taking final action although most of them were in favor of the removal of the buildings in question as public nuisances.

The two buildings are a bark shed of the Cappon-Bertsch Leather Co., now being used as a shed for automobile trucks, and a two story building on North River avenue belonging to the estate of Jacob Flehman.

Property owners on West 9th, West Tenth and Maple avenue petitioned that the bark shed be condemned and removed on the ground that it is a fire hazard and a general nuisance. After lengthy discussion the council decided to refer the matter to a special committee for investigation, which committee will lay its findings before the council at the next meeting.

The Flehman building is also said to be in very bad condition. The ground floor is unoccupied. Recently some one proposed to establish an ice cream factory in it, but he could not get the necessary permission on the score of the unsanitary condition of the building. The second floor is occupied by a mother and four children, and one of the problems of the council will be, if the building is condemned, what to do with this little family, which will be made homeless. As it is however the place is not really a home and moreover, the fire hazard of the building is great, and the city officials would feel themselves morally responsible if these children should find their death in a fire.

This question was also referred to the special committee for investigation. The committee is composed of Aldermen Laepple, Bykstra and Brinkman.

WANT PAVING FOR EAST 14TH STREET

A petition of property-owners was submitted to the common council on Wednesday evening asking that the block on 14th street east of Lincoln avenue be paved also when the rest of the street is paved next summer. The property owners asked that the paving extend either from Lincoln to Fairbanks, or if that is not practicable, then from Lincoln to a point about half way through the block. The western end of that block is covered with houses, but in the east half of the block most of the property is vacant. It is a question whether the property at that end is valuable enough to warrant the expense of paving. The whole matter was referred to the committee on streets and crosswalks.

LOCALS

The committee on claims and accounts reported \$2,137.32 in claims against the city the past two weeks, and Alderman Brieve, chairman of the committee on poor, reported that \$129 had been expended for temporary aid.

Isaac Kouw the real estate man left last night for a two day's business trip to Chicago.

The wonderful pageant "The Light" given by the Holland Teachers club will be repeated tonight at the high school auditorium. The first night the assembly room was packed to see this great spectacle.

The sheriff's department recovered a Dodge sedan which was stolen sometime ago from John J. Piers of Grand Rapids. The car was found abandoned near Ferrysburg. Mr. Piers came down immediately and took his car back. No trace of the car thieves has been found.

Judges Perkins, Brown and Dunham were again re-nominated on the republican ticket for Circuit Judges of Kent county circuit court. All men are well known in Holland. Judge Dunham was the jurist who gave the decision recently in the Fortney-Kamferbeek case, favorably to Sheriff Fortney.

John Ellender of Holland township wishes to announce that he is a candidate for treasurer. The Holland Township caucus takes place on Saturday at the town hall.

Rev. J. Bruinooge, pastor of the Christian Reformed church at South Olive for seven years, has accepted a call to the church at Moline. Mr. Bruinooge has been in the ministry since 1900 and has served pastorates in Hudsonville, Grand Haven and South Olive. The Moline church numbers 95 families and 200 members.

STANTON DEFEATED IN THE COUNTY SCHOOL PRIMARY

GERRIT C. GROENEWOUD WINS NOMINATION AT THE POLLS WEDNESDAY

Nelson R. Stanton, of Holland, Ottawa county school commissioner for the past twelve years, was defeated in primary election Wednesday by Gerrit C. Groenewoud, of Beaverdam. Holland of course gave a majority for Mr. Stanton, but such a very large number of "good citizens" did not consider it necessary to go to the trouble of going to the polls that the result was the same as if they had voted against the Holland candidate. The election was one of the highest held here and throughout the county in many years. In most of the wards in the city less than a fourth of the voters came out, and this condition was also true of many of the precincts in other parts of the county. In some precincts the vote was so

small that it could hardly be said to be an election.

The early reports seemed to show that Mr. Stanton was the winner because the early reports naturally came from Holland. This city gave Stanton a total vote of 435 while the vote for Groenewoud was an even 100. But when the returns from some of the other sections of the county came in, the verdict reversed and Stanton was found to be the loser.

Not all the returns are in, but so far as the precincts have reported the vote stands as follows:

	Stanton	Groenewoud
Holland 1st	82	20
Holland 2nd	26	4
Holland 3rd	107	21
Holland 4th	114	16
Holland 5th	70	27
Holland 6th	36	12
Park	8	14
Olive	4	5
Olive 2	15	93
Holland Township	30	38
Zeeland City	19	100
Jamestown	29	7
Zeeland Township	25	153
Spring Lake	11	26
Georgetown	8	45
Park	18	88
Grand Haven City	814	325

The vote so far tabulated gives Stanton a total of 911 as over and against 994 for Groenewoud. The townships that have not reported are Grand Haven township, Crocker, Robinson, Allendale, Blenden, Chester, Wright and Tallmadge. But in view of the drift toward Groenewoud in the rest of the townships, it is likely that the total vote will show a larger margin for Groenewoud than a smaller one.

The Surprising Dozen gave another one of their surprise parties last evening, this time upon Mr. and Mrs. A. M. Galentine, 67 West 13th St. The surprise was complete as neither Mr. nor Mrs. Galentine had had the least inkling such an affair was being planned. About 8 o'clock about 25 came and took possession of their home and the fun was on. Progressive Pedro was played, five tables being occupied. After 12 seas of four games were played scores were totaled and Mrs. Frank Bertsch was declared the winner of the head lady's prize and Nicholas Hofsteen ran away with the gentlemen's first prize. Mrs. Hofsteen and Mr. Galentine, altho being congratulated on their extra fine playing, had to console themselves with "booby" prizes. Refreshments were served and a general good time was enjoyed by all, the party breaking up at 12:30. Plans are now being laid for the next victims.

Mr. D. Bertsch living on the Park road fell Sunday as he was coming out of his barn and severely injured his back. Mr. Bertsch is in the 80's and a fall of this kind goes rather hard with him. He is still confined to his home.

The Holland Shoe Co. banquet held Saturday evening in the Women's Literary Club rooms, proved to be a grand success.

Promptly at 6:45 the Shoe Co's orchestra struck up a march and all filed down to the dining room below where a fine spread was prepared by ladies from the Trinity church. After dinner, favors were served to the ladies in the form of a box of candy and a carnation. While the gentlemen remained below for a few minutes enjoying their smoke the balance retired to the club rooms above where the program was given. All the numbers of the program were enthusiastically received and a special mention might be made of the number given by Ozzie Green and Henry Kammeraad, and also the vaudeville act put on by the four varieties, Dailey, Young, Topp and Brokhorst. This act was high class and many remarks were made stating that it was superior to a good many acts seen on the Empress program in Grand Rapids. In addition to the regular numbers on the program remarks were made by Mr. Whelan, Mr. Telling, Mr. Heuer and Mr. Moore. Covers were laid for 220 and every seat was filled around the festive board.

The program lasted until 11:30 when all went home deciding that they had put in a very enjoyable evening, and all are looking forward with a great deal of anticipation to the next Shoe factory banquet.

The program was as follows:— Toastmaster, Oscar Peterson; invocation, G. Vander Beek; Shoe Factory Orchestra; Budget, L. Rinkus; reading, Orrie Green; musical number, B. Vander Water; Piano solo, Marion Henderson; vocal solo, Miss L. Christell; chalk talk, M. Siegers; Vocal Duet, Miss DeFouw and H. Johnson; A story, H. Kammeraad; dialogue, J. and J. Markus; musical number, Miss L. Bruer, C. Steketee, J. Hoogstraate, J. Simonsen; budget, J. Dykstra; Remarks, F. T. Whelan; The Dailey, Young, Bronkhorst, and Topp; Favors, Holland Shoe Co.; Final, America, by all.

The following cast of characters presented the playlet The Four Varieties: "The Simpleton," Penny Dailey; "The Sissy," Case Topp; "The Rube," Curly Young; "Black Boy," Hap Bronkhorst; stage manager, R. Buurman; scenery, Charlie Brouwer, Charlie Barnard.

Holland's paving program for the coming summer calls for approximately four and a half miles of paving, according to figures prepared by City Engineer Zuidema. This is probably the largest paving program ever attempted in Holland in a single season, but the streets and crosswalks committee, headed by Ald. Kammeraad, hopes to get at the work at the earliest possible moment and if conditions are favorable it is hoped to finish this big program before snow flies next fall.

The streets to be paved are the following:—

Columbia avenue from 4th to 24th streets.

College avenue from 6th to 24th streets.

22nd street from College to Columbia avenues.

Central avenue from 5th to 8th streets and also from 18th to 24th streets.

20th street from Central to College avenue.

14th street from Harrison to Lincoln avenues.

River avenue from 17 to 19th Sts.

These various paving jobs will mean a total of 70,000 square yards of paving. Things have finally been worked out in such a way that the city of Holland in its paving work can profit by quantity production. The overhead expenses for a small paving job of a few blocks is about the same as for four and a half miles, and that expense is naturally added to the cost of the paving, making each foot of paving for the property owner more expensive. By distributing this overhead expense over a large job each property owner gets the benefit.

That people are deceived because they are ignorant of the scriptures, and isms are preying upon Protestantism and is leading many followers of the truth astray because they are unacquainted with the doctrine of the church, was voiced by Rev. C. P. Dame in an address to the Home Volunteers Friday, on the subject "Isms and the Ministry."

Modern isms, said the speaker, are thriving not upon outsiders, but upon the constituency of the church, and the church should put forth every effort to teach its followers what true Christianity is. The danger in every ism is the exclusiveness that it involves and the undue emphasis that its advocates put upon some particular theory concerning the doctrines of the church, as being fundamental and paramount to salvation. It was pointed out that as a matter of fact the different and various theories ranging from fundamentalists to liberals concerning the efficacy of the scriptures, are often playing into each other's hands, and that in many instances the extreme views of religion meet.

It is just the importance attached to empty theories, and wrangling over superficial differences that were better subordinated, that is taking away the vitality and progress of the church.

The Reformed church, said Rev. Dame, is taking a commendable stand in regard to these issues, and it is the duty of leaders of the church to know what Protestantism stands for and what it does not stand for, and to take a fair and unbiased attitude to the importance that should be attached to some of the modern isms that have crept into the church.

A marriage license was issued in Ottawa county to Vincent Vidak, 25, of Grand Haven and Lillian Rue, 19, of West Olive.

Dr. J. B. Nykerk of Hope College received a wire Monday from M. A. C., asking him to serve as a judge in a debate that that institution will hold soon.

An evidence of the growth of Holland is reflected by the postal service. Going back as far as the records of the office admit the annual volume of business for the year 1888 was \$4,630.56. This amount was doubled in 1895, tripled in 1902 and quadrupled in 1906, when the total receipts reached \$20,459.78. The volume of business was doubled from 1906 to 1914 and from 1914 to the close of the present year the figures again have doubled and will reach approximately \$80,000.

An interesting entertainment was held Friday evening at the chool at Lugers Crossing. The program consisted of a number of addresses by experts, the aggregate of which formed really one address, on "How a House is Built." Peter Oosting of VanDyke & Oosting, gave a talk on the mason work and the building of a foundation for a house; A. Van Dyke, of the same firm, talked on the carpenter work and putting up the frame; Peter Steketee of De Fouw & Co., spoke on the wiring and electrical fixtures; and George Woldring spoke on the plumbing. Being the last speaker, Mr. Woldring also took the opportunity to say that a house did not make a home, but that love and loyalty and education were needed for that.

Mrs. John J. Rutgers Sr., celebrated her 82nd birthday Sunday, March 4. She is one of the three original pioneers of the Holland colony that are still living and who came to America 76 years ago. She was also the first American school teacher in this community. Mrs. Rutgers is a charter member of the Christian Reformed church of Graafschap. She has lived on the same farm which is situated near Holland, for 63 years. Mrs. Rutgers still enjoys fairly good health. She has four sons and one daughter living: John J., of the Rutgers Clothing Co. of this city; Gerrit, Rural Letter Carrier No. 1 of Holland; John H., living on the old farm; Fred of the Tien-Rutgers Painting Co., of Holland, Mrs. John Douma of Wayland, Mich. Mrs. Rutgers has 35 grandchildren and 12 great-grandchildren living, all of whom helped her to celebrate.

In keeping with its policy of showing only the best and highest class photoplays, the management of the Colonial Theater has just closed a contract involving thousands of dollars with the Famous-Players Lasky Corporation for the much talked of thirty-nine Paramount pictures, by the greatest producers and directors and the most talented actors, at the same time they are being shown in the larger cities. The most stupendous picture ever made and the most costly to the exhibitor, "When Knighthood Was in Flower," will be played in the near future.

Did you ever stop to consider the long and tedious process by which we acquired our present high standard of education? Have you thought of the terrible price which must be paid for learning in the school of experience? Ever speculate upon the absurdity of doing things just because your father and grandfather and great-grandfather did them? No? Yet that is how man learned, or failed to learn.

If you would see for yourself how, down thru the ages, man has been struggling to reach a higher plane of living and thinking—if you would realize as never before the true meaning of education, see "The Light of the World," given by the Holland Teachers' Club in the High school auditorium, Tuesday and Thursday night, March 6 and 8.

The report of Health Officer B. B. Godfrey for the month of February is notable for the number of cases of contagious diseases released during the month as well as the number of new cases. The report follows: No. of cases of scarlet fever released from quarantine, 11. New cases quarantined 25.

Cases of pneumonia released from isolation 2. New cases isolated 2. No. of cases of measles 10. New cases isolated 2. Only one case of influenza reported. Probably more than 100 cases have not been seen by a physician or recognized.

In company with E. J. Pryor, the state inspector, all milk stations not inspected during the preceding month were inspected 19 in all. Mr. Pryor expressed himself as much pleased with the improvements made.

We are considering the advisability on our next rounds of inspection of giving the names of milk men, the percentage of butter fat, solids and water in their milk. We believe the patrons have a right to know the quality of the milk they buy, whether it is skimmed down to the bare legal test, or whether they get the whole milk.

Whole number of inspections made during February 45. Eighteen crates of poultry were inspected. All O. K.

Twelve loads of beef and pork were inspected. All O. K.

B. B. Godfrey, H. O.

Mr. Neil Vander Meulen pepped up the boys at the American Legion meeting last evening with one of his characteristic talks which was the feature of the occasion. The usual proposition that "the great majority are always wrong," thoughtfully worked out by Mr. Vander Meulen, gave his audience a different angle from which to consider some of the larger questions of the day. He gathered from literature, from history, and science the illustrations to round out and make effective application of his address and keep his hearers alert for each thought-provoking idea, and there were many of them.

The Armory Club House proposition is again before the Legion and an active committee has been appointed to meet and consider with committees from other representative organizations and work up an effective manner for presenting their plans to the citizens of Holland.

Commander Meengs and Adjutant Boonstra of the Zeeland Post were guests of the evening and extended an invitation to the local Post to join

them in the entertainment and fun incident to their annual fair to be held in Zeeland Friday and Saturday evening of this week.

Charles Van Lente of the Holland City State bank was elected new finance officer, and comrades having membership funds on hand will find him as ready to relieve them as he was to fork over the prize winning two dollars to John Knobles last night.

Mayor Stephan a few days ago received an anonymous letter from a man who charged that in a certain house a gambling place was being maintained. The letter declared that the writer's son had been fleeced in the place and Mayor Stephan was called upon to clean up the den. The writer of the letter stated that he was not signing his name because he did not want himself or his son to get the reputation of being "squealers."

A few days ago also certain citizens appealed to the mayor in regard to another place in another part of town where they said drinking and carousing was going on. But not one of them was willing to sign his name to a statement of the case and all stipulated that their names were to be kept out of the affair.

In each of these cases the proper steps were taken through the police department, but it was impossible to secure the necessary evidence to warrant a search of the premises. Anonymous letters are constantly coming to the mayor and police departments giving information of that kind and citizens are from time to time giving information and then refusing to have their names used.

"And that leaves us more or less helpless," said the mayor. "The law does not allow the police department to search a home on mere suspicion. It is necessary to have some reasonable evidence or something more than a statement in an anonymous letter. If citizens who have information of drinking and carousing and gambling will come up like real citizens and back up their statements with their names, we can do something. Both I and the police department are anxious to clean up such places, but we can't do it without the co-operation of the citizens. People who know of such things ought, as good citizens, be willing to appear and help enforce the law. An anonymous charge is largely worthless."

At the Classis of the Chr. Reformed church at their meeting, held at the North street Chr. Ref. church in Zeeland, permission was granted the people at Otsego to organize a mission under the supervision of the classis at that point. The mission at Burnips, which has been supplied with preachers by the Zeeland classis and which has been very successful, so that now several have affiliated with that church, will very probably soon be organized into a regular congregation under this classis.

At a meeting of the executive committee of the Holland Retail Merchants association held Thursday morning and attended by a number of other merchants besides the members of the committee, it was unanimously decided to close the stores all day on March 14, the annual day of prayer for crops. This action is in accordance with a custom that has been followed the past few years. On that day services will be held in the various churches, and in Holland at least the day is given something of the importance usually associated with Thanksgiving day.

The executive committee also decided to change the night of meeting this month from March 6th to March 13th. The postponement was decided upon because of many other conflicting meetings on March 6th.

Mrs. Henry Van Ark entered into her fourth year as president of the W. C. T. U. by her election Friday afternoon. The W. C. T. U. met at the home of Mrs. J. C. Post, 70 West 13th street. The devotions were in charge of Mrs. A. E. McClellan; violin solo, by Miss Harriet Hennevelt; annual reports were read, followed by the election of officers which resulted as follows: President, Mrs. Henry Van Ark; vice President, Mrs. E. J. Blekkink; recording secretary, Mrs. R. N. De Merell; corresponding secretary, Mrs. E. Markham; treasurer, Mrs. George Albers. Tea was served by Mesdames D. Damstra, Witvliet, and I. H. Fairbanks.

The next meeting will be a Mothers' and Daughters' luncheon on March 16, at the Third Reformed church.

Mr. and Mrs. Carl C. Noel of Sandusky, Ohio, are visiting Mrs. Noel's daughter and family, Mrs. Charles Koenig, 417 College Avenue. Mr. Noel is a painter of landscape and during his stay in Holland he has on exhibition at the DuSaar store some of his paintings. One of them is a bear hunt scene, and there are some others that are landscape paintings.

The paintings were placed on exhibition today. Mr. Noel is a native of Essen, the town in the Ruhr region that is now so much in the public eye. He was born there and later came to America where he has lived for many years.

Miss Anna Tietsema, who is spending the winter at West Palm Beach, Fla., sends a clipping from the Palm Beach Times announcing that the equipment has just been put up for broadcasting the program of Bachman's Million Dollar Band. This is said to be one of the most wonderful bands in the world, and Miss Tietsema is advising Holland radio fans to listen in. At West Palm Beach a crowd of several thousand listen to the band every day.

According to the Times article the concerts have been heard as clear as a bell at points 500 miles west of Chicago and as far north as Minneapolis, Minn. Cards from those points have been received telling of hearing the music. That being the case, Holland radio fans are also in position to hear the concerts.

The game of horseshoe is all the rage at West Palm Beach, and a 15-year-old boy from Akron, Ohio, Harold Falor, has won the world championship. Miss Tietsema is a member of the West Palm Beach horseshoe club and plays almost daily.

Thursday and Friday evenings, March 1 and 2, Mr. and Mrs. Bert Vanderploeg, 275 E. 16th St., celebrated the 25th anniversary of their marriage. Thursday evening the relatives were invited and Friday the Adult Bible Class and the friends of the Sixth Reformed church. The first evening of the celebration was less informal than that of the second evening; the second evening Rev. J. H. Bruggers read the marriage form and the bride and bridegroom again joined hands and said their "I do," and their "I will," as they did twenty-five years ago.

The program began by the playing of Lohengrin's Wedding March by Miss Evelyn Vanderploeg, and as this was being played the wedding procession moved into sight. Mrs. R. Mouw, sister of the bride, acted as the bride's-maid; and Mrs. Seids Vanderploeg, brother of the groom, acted as best man. Both of these persons took the same part 25 years ago. The bridal procession was preceded by four children who acted as ushers; they were Evelyn Van Appledorn, Herbert Vanderploeg, Harold Mouw and Marion Vanderploeg. Mrs. Vanderploeg and Mrs. Mouw wore corsages of carnations. The carnation was again the same flower as was used at the original wedding. After the marriage form was read Misses Brice Vanderploeg and Evelyn Verburg sang: "Come Holy Spirit." After this duet the friends and relatives extended their congratulations and best wishes to the happy couple. Congratulations having been given and all was again calm and orderly a short program was given.

Mr. and Mrs. Bert Vanderploeg have lived in Holland the greatest part of the 25 years.

Holland High ran roughshod over G. R. Central in Friday night's contest at the Furniture City and handed the Upton Crew a neat trimming score 21-8 Central's followers had predicted a 20 point victory for their team, but their cohorts were hopelessly outclassed from start to finish. Holland led at the end of the first quarter 9-0 when Vandenberg tallied four field goals. Both teams scored 4 points in the second quarter, Raber and DeWitt for Central and Hill and Kleis for Holland were successful in caging the oval. Central could not get through Holland's defense and scored but one field goal in the last half, while Van Zanten and Kleis each added four points to Holland's score. Van Zanten and Vandenberg played exceptionally well for Holland while Van Dam and Raber starred for Central. Holland's Reserves turned in another one-point victory when they defeated Central Reserves 7-6.

Lineup and summary—

Playing in a championship form, the Hope College basketball quintet defeated one of the strongest and classiest outfits in the state of Michigan, when they downed the Michigan City Y team here Saturday night by a narrow margin of 24-22.

Michigan City Y cashed in their first points but a few seconds after the whistle, and succeeded in mulling up a five point lead before the locals had even as much as warmed up to the situation. George Irving and Yonkman retaliated for Hope when they dropped the ball thru the ring in close succession. The score tallied until Yonkman caged the ball that gave Hope the lead 10-9, which she retained until the end of the half which ended 12-11.

The visitors came back with a sudden spurt and again repeated their stunt, succeeding in hooping the ball twice, again turning the tables with a one-point lead in their favor. But the Orange and Blue had not lost its morale, and quite unexpectedly surprised the expectations of the rooters when they came back strong, coining in eight points before Michigan City men could stop them. "Bill" Joldersma, Hope's guard, was one to turn the tide when he tossed a beautiful clean, mid-court sky rocker thru the ring.

Chief Ottipoby added one of his four baskets at this time giving his team the lead which they retained for the remainder of the game. Interruption on the part of a basketball fan from the sideline cost the Hope team a point here. Michigan City tagged the score by a narrow margin and threatened to take it away but failed to get thru the Hope defence. Captain Riemersma could not play because of his hand.

In an uninteresting preliminary the Hope Reserves defeated the Walker Athletic club of Grand Rapids by a score of 42-12.

MARTIN-SENOUR MONARCH PAINT

100% PURE

The Power of Paint

Nobody questions the power of paint to protect property from decay and ruin.

When you place insurance you look into the resources of the Company. When you buy paint look into the ingredients that determine its power of service.

Few people ask for adulterated White Lead when they want to paint. Ask for Pure White Lead more conveniently prepared and ground with a proper amount of Zinc in Pure Lined Oil—that is Monarch Paint.

Zinc will make it last longer and hold its color. The spreading quality of Martin-Senour Monarch Paint 100% Pure is remarkable.

HOLLAND MONUMENT WORKS

18 West 7th Street

HOLLAND, MICH.

CHAMBER OF COMMERCE IS TO BE ORGANIZED

Mayor Stephan together with several other influential men have felt for some time that Holland is lacking in what might be termed "A business head" to take hold of the projects that have to do with our city's welfare.

It has been felt for some time that there should be a body of men in town to whom questions of civic importance could be referred.

For instance the fact that Holland needs a new hotel was one of the things mentioned. A new depot to take the place of the shack we now possess was brought up. New factory propositions were deemed matters of vital importance, in fact an instance was cited as taking place the last two weeks where a very beneficial enterprise could have been landed, but men back of the project came to Holland but found no committee or head who could take definite action or give the desired information. The matter was however taken up by the members of the Holland Business Men's association and men who had enterprise enough to look up the matter, purely because they were loyal to the town. However there was no direct head to which this or many other matters that come up could be referred with authority.

It is because of this condition that Mayor Stephan called together at least fifty energetic citizens for a Chamber of Commerce discussion to be held at the city hall. No doubt there were many citizens who were not able to be present and others who were not in the invited list, but all were welcome notwithstanding. The men were gotten together to simply start something along this line and any public-spirited citizen is welcome to join.

The new chamber of commerce to be organized will not be a solicitation affair.

The dues too will not be five dollars a year with a banquet thrown in, which spelled the death of a former organization but the initial fee will be \$25 and \$10 dues annually or \$35 for the first year.

No one will be asked to join, the members must come of their own accord, for the men present felt that it is more beneficial to the city and more could be done with a smaller body of men who came freely and joined as a matter of city pride, than with a larger body of men who were practically forced into the organization.

The Chamber of Commerce was not organized to hinder or harm any of the other civic organizations, in fact their activities will be encouraged rather than otherwise.

The Holland merchants' association was especially commended because of their activities along civic lines when the men back of it, at least to a great degree, took up these matters of civic importance which otherwise might have been neglected altogether.

The new Chamber of Commerce wants the Merchants' association to continue their activities and will cooperate with them in every way whenever matters of importance come up.

Mr. Stephan who was chosen as chairman of the meeting Thursday evening, called upon the different men present to state their views of why or why not a chamber of commerce should or should not be organized in the city of Holland.

Practically the unanimous opinion seemed to be that Holland is ripe for such an organization.

John Kelley considered it was wise to organize immediately and some one suggested that Mayor Stephan be named the temporary chairman of the organization, but Mr. Stephan stated that his city duties and his business prevented him from assuming this added responsibility, and stated that there were plenty of other men who should take this added burden.

Mr. J. P. Kolla then suggested that Mr. Austin Harrington assume these duties, but Mr. Harrington then stated that he was already the chairman of the Merchants Association, and his many other duties prevented him from assuming these added burdens at this time.

A suggestion made earlier in the evening was then resurrected, namely that the mayor select a committee of five to draw up a constitution and by-laws, to select several men well-fitted for the offices of chairman, secretary, treasurer and directors, and that these names be submitted at a meeting to be called later, when the organization of a chamber of commerce has been more thoroughly perfected.

The men present at the meeting are the following: E. P. Stephan, C. J. Lokker, Jerry Laeppe, Wm. Vandenberg, Henry Luidens, James De Young, Henry Winter, Walter Lane, Cecil Huntley, Austin Harrington, Henry Kraker, Abel Smeenge, Andrew Klomparsens, J. P. Kolla, Wm. Arendshorst, Jim De Pree, B. P. Donnelly, J. A. Johnson, John Arendshorst, J. A. Hoover, Vance Mape, John Kelley, Hub Boone.

MAYOR APPOINTS C. OF C. COMMITTEE

Mayor E. P. Stephan Monday appointed the general committee that is to draw up a constitution for the new chamber of commerce. This committee was authorized at the meeting in the city hall last week. Mayor Stephan has appointed the following: Charles H. Mc Bride, Arthur A. Visser, Charles Kirken, James De Young, and Chester H. Beach.

The committee will not only draw up a constitution but it will name a board of directors and officers. When all this preliminary work has been done Mayor Stephan will call another meeting of the members to pass on the constitution and to ballot on the directors and officers.

Mrs. Agnes St. Clair has gone back to Owasco to visit her sister for about four weeks.

The date for the declamation contest of the D and C classes of Hope College has been set on April 6.

GETS LETTER FROM THE "HUB OF THE RUHR" DISTRICT

Mr. Carl G. Noel, of Sandusky, O., who is visiting relatives in Holland, is perhaps as much interested in the news from Europe during the Ruhr occupation by the French as anyone could be. Mr. Noel was born in the city of Essen, the town that is the "hub of the wheel of the occupied area," in Mr. Noel's language. A few days ago Mr. Noel received a letter from relatives still living in the Ruhr district in which some price quotations were made.

Eggs, according to the letter, cost 150 marks—not per dozen—but apiece. A pair of shoes sells in that section for 50,000 marks, and a suit of clothes sets the buy 200,000 marks back. Meat and milk are almost unobtainable.

The laboring men and mechanics are better off than the property owning class, according to the letter. People occupying houses and business buildings cannot pay the rent and there is little gained by putting them out because all others are about in the same boat; but at the same time the property owners are compelled to raise the taxes which are extremely high. Before the war the average mechanic worked for from eight to ten marks a day, while now he receives from five to eight thousand marks, but he is worse off than before.

Mr. Noel says that Essen is an extremely interesting city. Its population is about 300,000, and its main industry is the Krupp plant, which employs 110,000 men and is to Germany what the Ford plant is to America. The history of Essen dates back to Roman times, and in spite of the fact that it is a great industrial center, it is a city of great beauty, according to Mr. Noel. Its parks and sunken lakes are magnificent, and it has many beautiful public buildings. It has a theatre that would put to shame many of the greatest theatres in cities much larger, and the magnificent mansions of the Krupps are great show places.

ABOLISH SUMMER SCHOOL VACATION EDUCATOR URGES

The department of superintendents of the National Education association closed a five days' convention with a final business session on Thursday night at Cleveland at which the delegates heard and adopted the report of the resolutions committee and listened to addresses by four speakers. Supt. E. E. Fell was one of the delegates to the convention.

The abolishment of the summer vacation by splitting the school year into four terms of three months each with two weeks' vacation period around Christmas and the Fourth of July was urged by H. C. Webber, superintendent of schools at Nashville, Tenn.

The summer vacation is an archaic idea, which was in good form when agriculture was the main occupation and required the assistance of the children in harvesting, he said.

SATURDAY NIGHT'S GAME TO START AT 8:30

The preliminary game for the Hope vs. Michigan City game will be started at 8:30 and the main game at 9:30 Saturday night to enable any of the merchants who wish to take in the game to do so. This will be the last appearance of the Hope team this season and they will be arrayed against one of the best teams in this section of the country.

The American Legion band will play at the game and will give a short concert between halves and between the two games.

TWO BUSINESS CHANGES TAKE PLACE HERE

Two retail business changes have just taken place in Holland. The River Avenue Cash Grocery, operated the past year or two at 254 River avenue, has become the sole property of Fred Lemmen, who until now has been the senior member of the firm. Mr. Lemmen, has bought the stock of his partner, Henry Breuker, and from now on will operate the store alone.

Benj. Nysson, who has been conducting a grocery store at 232 West 12th street for a number of years, has sold the business to Benj. Brandon, employed for some time at the Standard Grocery and Milling Co. Mr. Brandon has already taken possession.

The day of prayer for crops this year will be observed on Wednesday, March 14.

The Hope College student body was in an uproar Friday night when a late report was received here that Hope had received highest honors in the state oratorical contest held at Hillsdale. After an evening of festivity and weeks of anticipation, the students broke forth in a great applause, when Jay Albers, the president of the student body, announced the results.

Hope was placed second in the women's contest and first in the men's. Albion, Hope and Kalamazoo ranked in the women's contest according to their respective order, and Hope, Ypsilanti and Hillsdale divided the honors in the men's contest. Hope college was the only institution to receive honors in both contests.

Friday evening Hope students spent the evening in rallying at the Carnegie Gym. A peppy program quite appropriate to the occasion including stunts, music, and other features expressing enthusiasm held the Orange and Blue revellers until the news brought an abrupt end to the party and it was not long before the news had been noised about Holland.

The state oratorical contest offers one of the most enviable honors that the state colleges can compete for. Miss Nelle Kola, Hope's woman representative, spoke on "The Cross or the Cannon," and Mr. Simon C. Heemstra spoke in the men's contest on the subject "The Challenge of the Ideal."

The committee on Prayer Day observance Wednesday issued the following statement:

The committee on Prayer Day observance of the churches of this city has designated Wednesday, March 14, as the annual Day of Prayer, which we as a community have been accustomed to observe for a number of years past.

The public schools, Hope college, and the stores will be closed as usual, and owners of factories and other industries have been asked to close in order that their employees may have the opportunity to attend divine services on that day. We hope and trust that the consistories and boards of the various churches will do all in their power to make the day a day of earnest prayer and petition, and that they invite the people to assemble in their respective houses of worship.

It is very fitting that we should ask the Giver of every good and perfect gift to bless the work of our hands, for we are entirely dependent upon Him for all material as well as all spiritual blessings. Our nation faces many grave problems. The world is in a great crisis as the unrest of the nations indicate. Therefore, we, as a Christian people, ought to pray God that the problems that confront us as a nation may be solved in a Christian way, and that the nations of the world may seek the welfare of one another, and Christianize international relationships, honor Jesus Christ as King and Lord of all.

We as a committee ask kindly for the hearty co-operation of all the citizens of the City of Holland to observe the Day of Prayer in humbleness of heart.

Sincerely,
Prayer Day Committee.

A new warning to radio enthusiasts against the danger of placing aerials in close proximity to high power wires is issued by the Michigan committee on public utility information. The warning points out that "while any child may operate a radio outfit, it takes an experienced electrician to install one free from fire and other hazards."

Many accidents have been prevented by power companies, the statement continues, "by the prompt action of electric power companies which make surveys of their properties, eliminating aerials close to their live wires, and giving warnings and information to the public."

At Van Ry, son of Mr. and Mrs. H. Van Ry of Holland, will sail for France Saturday to spend a month in Europe for the Grand Rapids Show Case Co. Mr. Van Ry has been connected with that company for about 15 years and he will go to France to secure a supply of glass for his firm. While overseas he will also visit the Netherlands and Germany.

W. Van Haitsma of Zeeland, a former extension specialist at M. A. C. who has done considerable research work in drainage, leaves this week for a 15,000 mile motor trip through the south and west to study drainage and irrigation methods. He will motor to Florida, stopping at many points en route where drainage projects are being worked out. After a study of the system in vogue in the Everglades Mr. Van Haitsma will motor westward through the southern states to the Imperial valley of California. He will spend some time visiting projects in Colorado, Nevada and Montana before returning to Michigan. Mr. Van Haitsma hopes to apply much of the information he gains to Michigan problems.

The milkmen of Holland will soon receive blanks from the Michigan state milk inspector's department telling them when the state license is due. Milkmen who receive their milk from more than two farmers are required to pay \$5, and those who get the milk from their own farms need to pay only one dollar a year. The state has been somewhat lax in enforcing this rule and so some local milkmen had been operating without state licenses. This resulted in legal trouble for them, and the milkmen were anxious to know when the license money had to be paid.

As an accommodation to them, City Inspector Bosch wrote to E. J. Friar, state milk inspector, asking for particulars. Mr. Friar replied, "The state will send to each of your dealers the proper blanks about three weeks before they are due. The \$5 ones expire April 1 and the \$1.00 one July 1st. We have all the names and addresses now so there won't be any more trouble along this line."

At the annual business meeting of the Women's Literary club Tuesday afternoon Mrs. G. J. Diekema was elected president for the 1923-24 club year. Other officers elected are: first vice-president, Mrs. S. R. McLean; second vice-president, Mrs. J. C. Post; recording secretary, Mrs. M. C. Lindemann; corresponding secretary, Mrs. Jay H. Den Herder; treasurer, Mrs. James Ossewaarde; members of the board of directors, Mrs. C. J. Dregman, Mrs. James Weyer and Mrs. Martha D. Kollen.

There were 61 voters present at the meeting. It was decided to make the course of study next year the same as this year, namely, Current History, Art and Literature.

Mrs. Mary Van Kersen passed away at the home of her daughter, Mrs. G. Van Zanten, 83 E. 15th St., Tuesday at 6:30 P. M. She reached the age of 80 years and eight months, and for the past twenty-three years she made her home with Mrs. Van Zanten.

She is survived by two daughters and two sons: Mrs. Lucas Knoll of Lakewood, Mrs. G. Van Zanten and Mr. John Van Kersen of this city, and Mr. Isaac Van Kersen, of Fal, Lou. Funeral services will be held at the home, 83 E. 15th St. Friday, March 9, at 2 p. m.

The fourth annual praise service of the Federation of Women's Societies of Holland will be held Wednesday afternoon March 14th, in the Methodist church. The meeting will begin at two o'clock sharp. The address of welcome will be delivered by Rev. G. B. Fleming, pastor of the Methodist church, and the main address of the afternoon will be delivered by Rev. James J. De Kraker, pastor of the Presbyterian church of Grand Haven, whose subject will be "Women of the Kingdom." All the Women of the city are cordially invited to attend.

On March 1 Mr. and Mrs. Henry Lemmen celebrated their silver wedding anniversary at their home in North Holland. Many relatives and friends gathered at the home to help the couple celebrate the happy event and a large number of beautiful and useful gifts were received.

A fine four-course supper was served by Mrs. T. Steinfert, Georgiana Lemmen, Geneva Steinfert, Bertha Lemmen and Mrs. Gerrit Lemmen, Jr.

One of the entertainment features in connection with the "Get-Together Dinner" of the Holland Country Club Friday night will be a presentation by the Hope College Dramatic Club of their unique skit entitled "At the Movies."

This very entertaining play was given two weeks ago to the great delight of the members of the Century Club, and the banquet committee of the Country Club considers itself very fortunate at having completed arrangements for the re-appearance of the talented Hope College organization on this occasion.

The members of the "At the Movies" cast are: Paul Gebhard, Julius Van Eenennaam, Amy Zwemer, Jean Kuiper, and Nella Den Herder, with Elias Osterhout at the piano.

Another interesting feature of the evening's entertainment will be a radio concert while the dinner is being served.

Mr. Willis Diekema wishes to urge those members who have not arranged with him for reservations to do so at once, either by card or telephone.

Escondido, March 7.—Efforts to take the temperature of Miss Evelyn Lyons, whose strange case has baffled science by her retention for two weeks of a temperature of 114 degrees, failed today when the attending physician's thermometer broke.

Miss Lyons complained to Dr. Defnet, her doctor that she felt more feverish. Medical thermometers are not graduated above 114 degrees, but Dr. Defnet attempted to take the girl's temperature with one which has been equipped with emergency marking above that point.

The attempt failed when the expanding mercury reached the top of the tube and blew the end out.

Dr. Defnet estimated the girl's temperature at 118 degrees.

Despite her strange malady the girl remains rational, with a good appetite and resents orders to remain in bed.

In connection with the near approach of Easter, the Commission on Evangelism and Life Service of the Federal Council of the Churches of Christ in America has sent to the Ministers' Association of Holland and vicinity a "Call to Prayer." The document is made up of four pages and contains among other things subjects for Holy Week of Prayer Service from March 25th to April 1st.

The Ministers' association has requested this newspaper to call attention to the document. Part of the "Call to Prayer" reads as follows:

"When has the world's need for sympathy and brotherhood been so compelling and beseeching as it is today? When have hate and selfishness so nearly brought ruin to all that is helpful and good? How shall the church perform today the task to which God has sent her as the light of the world and the salt of the earth, if her own lamp is not trimmed and burning and her own life so true that she can be the purifying influence in a time of selfishness and sin?"

"The call to the Church is first of all a summons to prayer and consecration. We need to confess our shortcomings and to be ashamed of our aloofness, our selfishness and complacency. Let us examine ourselves before we take others to task. Hatred and selfish unconcern will cease among the nations when they cease in the individual hearts of men and women."

"There is a deepening conviction among men that the greatest power on earth is the power of prayer. It will release more energy for the world's help than any other agency. Pentecosts are ever at hand and will fall upon the church when by the same method that precipitated the first Pentecost she brings herself close to the Infinite."

A contest for appropriate prizes donated by local merchants will be held in connection with the banquet of the Holland Country Club Friday, March 9th. A fine golf bag has been donated by H. Van Tongeren as one of the prizes and some one else will receive a "driver," one of the most important clubs in a golfer's bag, the donation of the Corner Hardware company.

In addition to the Dramatic club's presentation of the play "At the Movies," the members and guests will also have the pleasure of listening to a male quartet composed of Messrs. "Gerry" Ter Beek, Neil Vander Meulen, Willis Diekema and Roscoe Page, who will sing, among other things, "A Little Close Harmony," being a medley of "Barber-Shop" favorites for male voices. This number has been rendered by the same four on previous occasions this winter, always being very favorably received.

Though the banquet is not intended to be a lengthy speech-making affair, talks will be made by the officers of the club who will explain what has been accomplished thus far and outline the plans for the future.

A large meeting is being planned as this is the first occasion on which all the members and their wives will get together for an evening's meeting and entertainment. The committee in charge is encouraging the members to bring guests who are interested in the club's development, and a large attendance is assured.

At a Citizens Caucus of Georgetown township the following officers were nominated: Supervisor Roy H. Lowing; clerk, Henry P. Stegeman; treasurer, Gerrit Brink, commissioner of highways, John H. Teerman; justice, F. L. Bowmaster; board of review, B. Dousna, Clyde V. Cory, H. Ewing, Peter Hoerzer; overseer of highways, district No. 1, G. W. Cheyae; district No. 2, Arthur Vos; No. 3, Elmer Chrysler; No. 4, John Verstrate.

The cast that is to be represented in "Come Out of the Kitchen," a big super-comic play that is to be put on by the Senior class has been selected. Miss Ruth Gardel has been honored with the main role of Olivia Dangerfield. Miss Gardel is from this city and has had former experience in dramatic work. The part of Burton Craue, the hero of the play, has been given to Irwin Borgman of Kalamazoo.

This play has been adapted by A. E. Thomas and is said to be a knock-out by those who have seen it played elsewhere. The stars of the class have been picked for the cast, and in spite of the ample dramatic ability that is represented in the class the play has such possibilities that it will require all the effort that the class can put into it.

Other members that will be represented in the cast are: Grace Speis, Everdene Kuyper, Zwanita De Young, Nita Caldwell, William Zoerner, Arthur Mulder, William Joldersma, Benjamin Mentink and Charles Van Zanten.

HOLLAND TO HAVE
AN IMPORTANT
FARM MEETING

COUNTY FARM AGENT C. P. MILHAM IS DOING THINGS

County Farm Agent C. P. Milham is a regular fellow, and is a farm agent that is worth while.

Mr. Milham goes at the seat of agriculture and tells the "whys and wherefores" of certain things that a farmer should know.

After all it is the duty of an agent to impart valuable knowledge to the agriculturists that will aid the farmer in raising the best and largest crop on the smallest area. To cultivate certain kinds of crops on lands that are suitable. To fight pests, that are the bane of a farmer's life along intelligent lines.

Below will be found the schedule: March 14—Forestry Institute at West Olive 1 P. M.; Grand Haven at 7:30 P. M. Mr. Herbert, forestry specialist M. A. C. speaker.

March 15 Muck crop institute, Holland, 1:30 P. M., Grand Haven 7:30 P. M. G. H. Coons, plant disease specialist M. A. C. speaker.

March 16—Muck crop institute, Hudsonville 1 P. M., Coons, speaker. March 19—Horticultural Institute, Conklin 1:30 P. M. Mr. Cardinell, fruit specialist M. A. C. speaker.

March 20—Horticultural Institute, Grand Haven 10 A. M. to 4 P. M. same speaker.

March 22—Poultry institute, Nunica, 10 A. M. to 4 P. M. Chicken dinner, E. C. Foreman, poultry specialist speaker; Grand Haven, 7:30 P. M., same speaker; Mar. 23, Vriesland, 1 P. M., same speaker; Mar. 24—Pomona Grange, Conklin.

March 28—Hartem Farmers Community Sale. March 31—Tallmadge Farm Bureau Meeting.

Stereopticon pictures on cement construction will be given at some of the meetings. Owners of sand blows and soil too poor for agricultural in the lake shore area are holding a Forestry school at West Olive, Mar. 14 at 1 P. M. and in Grand Haven at the court house in the evening.

Methods of checking sand blow areas and reforestation with the best adapted timber will be studied.

The celery growers have planned to hear Dr. Coons, plant pathologist at M. A. C. on celery diseases and their control which will be shown on lantern slides at Holland, March 15 at 1 P. M.; at Grand Haven at 7:30 P. M. and at Hudsonville Mar. 16th at 1 P. M. Celery diseases cause a loss of many thousands of dollars every year. Progressive growers will learn how to cut out losses and increase profits. A committee consisting of Henry Gerrits, Harm Molter, Otto Bajema, Seth Coburn, Henry Kiel and Jacob Bioemberg of Hudsonville, Thos. Vander Weide from Jenison, John Vander Woude at Zeeland, Fred Nells at Holland and Henry Ver Berkmoe at Grand Haven, have been appointed to arrange the first Ottawa County Muck Crops show to be held at Hudsonville this fall. Keen interest is being shown by muck crop men in improving their production of quality celery and marketing it properly.

DIEKEMA TO BE HONORED BY THE CITIZENS

A spontaneous move has been made by scores of men in all walks of life in Holland to honor our fellow-townsmen, Gerrit J. Diekema, with a banquet. The reasons for this banquet are fittingly expressed by the committee on arrangements who on an explanatory card enclosed with the invitation sent out, say the following:

"The citizens of Holland and this community are not unmindful of the work and efforts expended in behalf of our fair city extending over a long term of years on the part of our fellow-townsmen, Honorable Gerrit J. Diekema, and deem it eminently fitting at this time to give expression to our appreciation.

"Republicans may be ungrateful and frequently are, popular applause may be fickle, honor not infrequently proves to be apples of ashes, but the citizens of Holland wish it to be known that helpfulness, unselfishness and public-spiritedness are appreciated and valued in this community and in this city.

"A citizens banquet will, therefore, be held at the Masonic Temple on Friday evening, March 16th, at 7 o'clock to honor Mr. Diekema."

The committee on tickets wishes to state further that in view of the large attendance, they have secured the splendid kitchen and banquet hall at the new Masonic Temple. Every endeavor is being made to get this part of the building completed in time for the banquet.

The building is not alone well equipped for an occasion of this kind but is centrally located as well, and judging from the large number who have expressed their desire to go, the largest building available will not be any too large to accommodate the crowd.

The committee in charge of tickets wishes to announce that on Monday, March 5, it will endeavor to reach every person to whom an invitation has been sent extending them the privilege to purchase tickets for this banquet.

The committee wishes to urge all those desiring to go, to be ready when the committee calls, and in this way avoid a great deal of delay.

The committee knows that they have a big job before them and they ask that everyone co-operate with them and thus expedite matters.

The committee in charge of the tickets are the following:

Wm. C. Vandenberg, chairman; John Arendshorst, Dick Boter, Andrew Klomparsen, Joe Kooiker, Sears McLean, Wm. J. Olive, George Pelgrim, "Vaudie" Vandenberg, John Van Tatenhove, Alex Van Zanten.

The committee on arrangements are Austin Harrington, chairman, Con De Pree, Bernard P. Donnelly, August H. Landwehr, Wm. C. Vandenberg, Benj. A. Mulder, Evert P. Stephan, Henry Winter.

PROMINENT MEN BUY OTTAWA BEACH

A deal was perfected in the city of Grand Rapids in which Ottawa Beach, the hotel property and golf links pass into another management.

Relative to the deal the Grand Rapids Press has the following: Ottawa Beach hotel and resort property has been purchased from the Michigan railway and the Graham & Morton Steamship companies by Fred Z. Pantlind, of the Hotel Pantlind, Grand Rapids; E. S. Richardson of the Hotel Kerns, Lansing, and L. J. Montgomery of Post Tavern, Battle Creek. The new owners are widely known to the traveling public, have had long experience in hotel management and will conduct the hotel and resort along popular lines.

The property purchased includes the Ottawa Beach hotel, the ferry to Macatawa, and other Black Lake resorts, the golf links and about 600 acres with frontage on Lake Michigan, the channel and Black Lake. The new owners contemplate the expenditure of about \$100,000 this season in improvements and new features. The hotel will be modernized and equipped with an elevator; the bathing beach will be improved; play grounds will be provided for the children, and features that have proved popular at other resorts will be introduced. The work of improvement will be started as soon as the weather permits. The aim is to make Ottawa Beach the most popular of the Michigan lake shore resorts.

Ottawa Beach hotel was built about 30 years ago when the resort was established. For many years the resort was conducted in close relationship with the Chicago & West Michigan railway with a spur along the north shore of Black Lake. The place always has been popular with Grand Rapids people and in the old days when a 50 cent rate for the round trip was given by the railroad it was a popular picnic ground. The property was purchased in 1910 by the Michigan railway and the Graham & Morton Steamship Co. and has been conducted under their joint auspices as an adjunct to transportation. J. Boyd Pantlind was manager for several years and in recent years Charles Seelbach has held this position.

Attorney T. N. Robinson was in Grand Rapids on legal business Friday.

MUST TELL WHERE LIQUOR COMES FROM

The police department has come across a peculiar case which has been kept under cover for some time because it was expected that the two young men involved would tell from what source they received their liquor that made them intoxicated.

It seems that John Van Ewarden and Seemore Evenhuis, both lads under age had become "gloriously full" a week ago Sunday and the neighbors in the vicinity of 16th street complained and the young men were taken into custody by the police.

In a recent supreme court decision it was held that if minors become intoxicated and are arrested they will be set free providing they tell the court from where and from whom they obtained the liquor. A sort of turning state's evidence, as it were.

The two young men were grilled for several hours, but they would not squeal on the party or parties who furnished them the liquor. There was nothing else for Justice Van Scelven to do but to fine the two boys under age.

Firs, he imposed a fine of \$18.70 each upon the drunk charge to which they had pleaded guilty. He followed this fine by an added fine of \$20 for contempt of court for refusing under oath to divulge from what source the liquor came.

The boys claim that the liquor that caused the trouble was wine, however they stated that they would rather go to jail than to "peach" as they expressed it.

Under the new law the judge can call up the young men at intervals and again ask them the question as to where the liquor came from and if they continue to refuse to divulge this part of the evidence the judge can again impose a fine for contempt and this process can be repeated until the young men are compelled by the repeated fines to give the desired information or go to jail.

It is doubtful whether this law will be followed up in this case, but there is a possibility that future cases of a similar nature may be handled in that way.

OUR CONGRESSMAN RECEIVES HIGH HONORS

The Grand Rapids Press of Monday through its correspondent at Washington, tells of the fact that Congressman Carl E. Mapes of this

district has received signal honors at the national capitol. Quoting the Press in part, it says that Speaker Gillette has announced the appointment of Mr. Mapes as a member of the joint committee on the reorganization of the administrative branch of the government. This is a high honor for the Michigan man as the committee has an important work, its members all being men distinguished in public life.

Walter F. Brown, after a year of work has submitted a tentative plan of reorganization of the executive department to congress. This is the report which provides for the establishment of a new department of public welfare with a cabinet officer at its head for the merging of the navy and war departments as the department of national defense and provides for a large number of other shifts of bureaus.

The Brown report has now been passed on to the full committee and will be given a thorough overhauling before being put up for adoption of congress at the next session. This reorganization of the executive department in the interests of efficiency and economy and to eliminate red tape, overlapping and duplication of work was pledged by the Republican platform in 1920 and President Harding has his heart set on it. He wants the law in operation before the election of 1924.

The full committee of which Congressman Mapes becomes the ranking member from the house, now will start revamping it. Hearings probably will be held during the recess of congress. The work of the committee is only just begun and the task of framing a report which will meet the sanction of congress is difficult.

Death came Thursday afternoon at five o'clock to Henry Baker, a man who for a generation was one of the best known residents of Ottawa Beach. Mr. Baker for many years conducted a grocery store at the Beach and was engaged in many other ventures there that brought him into close contact with the summer population at that place. He died at the home of his daughter, Mrs. William Wiltshire, on the North Side near Holland.

Mr. Baker was born in Nijkerk, the Netherlands, 83 years ago. He came to America more than 40 years ago and settled on a farm near Ottawa Beach. Later he went into business at that resort. He retired from active business about 15 years ago.

He is survived by four sons and three daughters: Ryn, Klaus, John and Henry, of Ottawa Beach, Mrs. Joseph Dudley of Grand Rapids; Mrs. William Wiltshire, of Holland; and Mrs. P. Van Dazelaar of Nijkerk, the Netherlands. The funeral will be held Monday afternoon at 1 o'clock from the home of Mrs. Wm Wiltshire.

SHIPPING OF DAY-OLD CHICKS IS RESUMED

The Holland postoffice will soon again give the casual visitor in the lobby the illusion of being in a bird store. The first shipment of baby chicks arrived at the local postoffice Thursday, and from now on the little "peeps" are expected to come in ever increasing numbers. The chick business started early this year, and it is anticipated that more shipments will be handled this year than ever before. Last year the local postoffice force handled as many as 50,000 chicks a week, and this year, it is believed, the number may reach 60,000 a week.

It is in reality the parcels post that has made the baby chick business what it is today. At least the parcels post has been a great factor in the development of this business. The chicks are shipped in stout cardboard boxes with holes in them to admit air, and in this way they travel comfortably from the big hatcheries in Ottawa county to distant sections. The chicks need no food while in transit; in fact feeding them would be harmful.

Local people have long ago become accustomed to the peeping of the thousands of day-old chicks in their temporary cardboard homes in the postoffice during the hatching season. The music of the chicks is accepted as a natural part of the postoffice routine. But when strangers from other sections step into the postoffice lobby, astonishment can be seen depicted on their faces at the noise of the chicks. Apparently some of them think that they have by mistake wandered into a bird store instead of into the government building, and their questions directed to the postoffice employees express their interest in this novel mail.

The day-old chicks are carrying the fame of Ottawa county to all parts of the country and they are one of the best advertisements this county has.

MODEL DRUG STORE SOLD TO NEW OWNERS

An important business change has been made in Holland by the sale of the Model Drug store by G. I. Haan to Henry Wilson and James Yonkman. The final arrangements for the transfer of this well known business to the new owners has been made, and the partners have taken possession, Mr. Haan retiring from participation in the concern.

The Model Drug store is one of the best known retail business places in Holland. Under the management of Mr. Haan it has forced its way to the front and it was particularly well known to resorters, being in a very favorable location for this class of trade.

Mr. Haan came to Holland on June 6, 1906, buying the store from the S. A. Martin estate, and the business has proved to be a winner. Before coming to Holland Mr. Haan operated a drug store in Grand Rapids, at the corner of Monroe and Michigan avenues. It is a rather curious fact that he conducted the store in Grand Rapids for sixteen years and a little over eight months, and he also conducted the Holland store for sixteen years and a little less than nine months.

The new proprietors are well known in Holland. Mr. Henry Wilson has been with the Model Drug store for about three years. Before that he was with the Doesburg Drug store after which he was employed out of the city for a number of years, coming back to Holland to take up his work at the Model. He is a registered pharmacist, and he has a wide circle of friends in Holland. Mr. Yonkman, the other member of the firm has been employed at the Model for about five years, and he is also well known. The two young men begin their new career under favorable circumstances.

PROSECUTOR MILES RECEIVING ATTENTION OF STATE PRESS

Prosecutor Miles has for some time taken a stand that some of the money received from liquor fines should go to help pay the prosecution of liquor offences instead of going into the library fund as is provided for by law.

Some of the newspapers have taken exception to what is purported to be Prosecutor Miles' attitude on this question.

The Muskegon Chronicle in its issue of February 1, treats Prosecutor Miles' statement in such a way that Harold L. Wheeler of Hackley Public Library of Muskegon has taken exception to Mr. Miles' attitude based on the article Mr. Wheeler had read in the Chronicle, his home paper.

LIBRARY FUNDS HAVE TOO MUCH WEALTH

The Chronicle says as follows: Lansing, Jan. 21.—County Library funds throughout Michigan are groaning under the funds poured into them by fines assessed in the prosecution of Volstead enforcement, according to information given Senator Wm. M. Connelly, of Spring Lake, by Prosecutor Miles, of Ottawa County. The county officials asks the senator to introduce a joint resolution amending the constitution, providing that the legislature have direction of where the moneys from fines be spent.

The constitution was adopted at a time when it was not considered possible that the present volume in fines would be levied, according to the information of the prosecuting attorney who holds that there are counties in the state with forty or fifty thousand dollars in the library funds that the library authorities do not know how to spend.—Muskegon Chronicle, Feb. 1.

Mr. Miles then writes Mr. Wheeler, telling him his attitude and what really was intended and follows it up with a letter written to Senator Connelly, which started all the trouble in the Lansing dispatch. Below are found both the letter

to Mr. Wheeler of Hackley Library, and a copy of the original letter to Mr. Connelly stating Mr. Miles' exact position on this question:

March 1, 1923
Mr. Harold L. Wheeler,
Hackley Public Library,
Muskegon, Michigan.

Dear Sir:—
Your letter of the 24th received. Perhaps the best answer I can make to your letter is to send you a copy of my letter to Mr. Connelly, which I enclose.

Prior to the Michigan Prohibition Law taking effect liquor cases were handled largely in justice courts, and the attack was made upon the consumer of liquor; the man who consumed the liquor to intoxication has always been notoriously poor, consequently fines collected from that source were only nominal.

At the present time the liquor problem is handled almost entirely through the circuit courts and the attack is made upon the bootlegger, manufacturer and dealer, who is generally assessed fines of substantial amounts against the violators.

The only "costs" that can be taxed in the circuit court against a respondent are those relating to the preliminary examination, arrest, and witness fees; the actual costs to the county include a court officer, and about twenty-four men at four dollars per day each as jurymen, and the juror's fees are paid out of the "general fund" collected by taxes upon the already overburdened taxpayer.

It is my view that this situation was not contemplated by the framers of our present constitution which was adopted in 1909—nine years before the taking effect of the present prohibitory liquor law.

I believe that some portion of these fines should be used to pay the expenses incident to prosecution. The expense of a jury trial is approximately one hundred dollars per day, and it is my view that a portion at least of these fines should be turned into the general fund of the county to bear, or help bear, the expenses incident to maintain the court in prosecution of the criminals, whose fault it is that the expense is incurred.

Naturally, library boards have rejoiced at the increased revenue and are, of course, jealous of any attempt to divert portion of these fines to the relief of the taxpayer, who is now obligated to shoulder the burden of these prosecutions; but it appears to me to be "educational" if it is generally known that the public are to be protected against a criminal at the criminal's expense, and seems to me would have quite as salutary effect upon good government as the reading of any good book upon the subject.

Regarding the statement made in the paper, a copy of which you enclosed, of course I never said one word derogatory to the libraries, and neither did I ever say that they had "too much" money, or were "groaning" under the money that they had recently received, etc.

The cities of Grand Haven and Holland in this county have for years maintained excellent libraries and excellent library service, and are valuable educational institutions in the community. This, however would not justify any opposition to having a portion of the fines in these liquor cases turned into supporting the court, made necessary in part by the necessities of these fines.

I think now you have my position in the matter.

Yours very truly,
FRED T. MILES,
Pros. Attorney
Ottawa County.
Jan. 29, 1923

FTM-EHM
Mr. William Connelly,
Senator, 23rd District,
Lansing, Michigan.

My Dear Mr. Connelly:—
Your letter of January 19th was duly received. I should have answered before, but was too busy—I think of no other excuse.

Since the adoption of our State Constitution a situation has arisen that is entirely different than existed before. The Prohibition law has practically brought the entire liquor cases into the circuit court. Previously "drunk cases" drew fines ranging from one to five dollars, or a few days in jail, and an extremely small amount of fines were paid to the county treasurer. Now the judges are in the habit of handing the offenders fines ranging from fifty to five hundred dollars, and the fines in a year amount to considerable.

Generally these liquor cases are hard fought, lasting from one-half day to two days. We have twenty-four men on the jury at \$4 a day each, thus costing the county about one hundred dollars a day to try these cases, outside of the witnesses.

When a person is sentenced to pay a fine "and costs" the costs include only the justice fees, officers' fees, and witness fees, but does not include (and cannot include) the other court costs like jury expenses.

It is true that the judges usually makes the fine large enough to cover those expenses, but none of the fine goes in to the general fund from which the jury is paid.

Now it is my opinion that these bootleggers and whiskey runners ought to be "self-supporting." That is, they ought to pay the expenses of prosecution.

It is my opinion that library money is not used for libraries except in the cities, generally. I am quite certain that this situation prevails all over the state.

It seems to me that this section of the constitution, Sec. 14 of Article 11 should be stricken out, and the legislature should provide the method of disposing of these fines, and the courts ought to be allowed to designate where the fines should go; so much to the general fund to cover the expenses of the trial, including the jury fees, and so much to libraries, or the legislature should make the designation.

Now, you have my dea. It is not because I do not believe in libraries, for I do, but I believe, had the conditions been the same when our constitution was adopted as they are now, this section would not have been included, and the constitution ought to be modified to meet changed conditions.

Yours very truly,
FTM-EHM. FRED T. MILES.

Forty-Five Years Ago.

On Tuesday evening the following persons left for Orange City, Iowa to settle—G. Bolks and family, J. Werkman and family, Geert Winters and family and mother 84 years old, A. De Weerd and family of Holland, H. Lodenstein and family of Vriesland, Q. A. Pauels, L. De Haan, G. De Bruyn, Henry Borst, G. J. Overkamp, G. Slenk of Graapshap. The party goes under the guidance of Peter Schaap. We wish them a pleasant journey and hope they will find peace and plenty in the new promised land. Note—a large number of these squatters came back broke but those who stayed became very wealthy on the rich Iowa soil and their children today are influential people in and around Orange City.

Forty Years Ago.

We take pleasure this week in announcing that Mr. Bastian Steketee who has for a number of years been a clerk in the employ of P. & A. Steketee in Holland will engage in business for himself in the store lately vacated by John Duursma. Mr. Steketee is a young and energetic man and we wish him abundant success in his venture. Note—The B. Steketee mentioned is still in business in the Post block next to the Model Drug. The P. & A. Steketee store is now conducted by A. Steketee Sons on East Eighth St. In the earlier days Paul Steketee, founder of the large Steketee wholesale and retail store of Grand Rapids, was a partner with his brother the late Andrew Steketee in Holland, consequently the name. The Duursma Store is the building directly north of the Holland City State Bank. When Mr. Steketee first began selling groceries, he delivered them personally with a large two-wheel push cart. Later a horse and wagon was secured.

On Thursday last, Dr. F. M. Gillespie was twenty-five years old and as a remembrance his employer, Dr. Gee presented him with a beautiful gold watch. Note—after the death of Mr. Gee, Mr. Gillespie who was later prominent in business and lodge circles took over the dentist interests of Mr. Gee in Holland. Dr. Gee was a great hand master and gave Holland one of the finest bands it could boast of in the earlier days. He built as his "castle" as he termed it the beautiful home now owned by Walter C. Walsh and located on East 9th street directly west of the Ninth street Christian Reformed Church.

The latest marriage in high life is that of Simon Pokagon, chief of the Pottawattomies and Victoria Tuitua, a native of his tribe. The chief is 62 years of age and his blushing bride 42. Note—Chief Pokagon was one of Holland's most distinguished visitors twenty five years ago when Holland did really celebrate its 50th anniversary fittingly. The Pottawattome tribe were the Indians who pitched their tepees all around Black Lake at the time Dr. Van Raalte landed. The Indian village and grave yard were on the bluff where the H. J. Heinz Co. now is located. Manager Hoover's home and the big Pinegrove are now located on the Indian burying grounds and for years a large wood cross adorned the spot where the red men mourned their dead for days until sure their graves had reached the Happy Hunting Grounds. It was therefore unusually fitting that Gerrit Van Schelven, secretary of the celebration was able to get the then chief of the tribe to come here on Holland anniversary day. The writer still remembers many of the Indian mounds under the pine trees but civilization and the working men's shovel and picks has obliterated all trace of the hallowed spot to the Pottawattome tribe.

JENISON PARK

John Timmer has been laid up for two weeks with "grippe".

Prof. Taylor and Mr. Harkema are two good fishermen. They brought home the largest fish caught around here in some time. They called the monster a Buffalo fish which weighed not less than twenty pounds. C. Ayers and J. Flehman have also made some fine catches.

J. Kuipers is assisting Mr. and Mrs. Zylstra at the store at Jenison. Mrs. N. Nelson is able to be about again after having a spell of the grip.

Mrs. Kreamer and children and sister Miss Ruby Hughes have returned from a visit to Chicago.

The Parents-Teachers' club meeting was well attended. The Boosters Committee gave a fine program. Mrs. Kreamer was in charge of the musical program and those who participated did well.

The Christian Reformed church is planning the erection of a new parsonage to replace the one recently destroyed by fire. A subscription list for funds was circulated and the amount was oversubscribed by \$2,000. The new parsonage will cost approximately \$10,000. Rev. J. H. Geerlings has been pastor of the church since 1919.

OLIVE TOWNSHIP CAUCUS

Notice is hereby given that a township caucus will be held in the Town Hall of Precinct No. 1, Township of Olive, on Monday, March 12, 1923 at 1:30 P. M. for the purpose of nominating candidates for Township offices and to transact such other business as may come before the meeting.

The Chicago Inter-Ocean in its account of the last day of the great Splan-Newgras Midwinter Auction of fast horses, held in Chicago, makes the following mention of one of Holland's youthful horseman "John Splan declares that he signed a new second trainer in the person of little Johnnie Boone, the 12-year-old son of H. Boone of Hland, Mich. The young lad showed 'Dr. Van' in the ring and he sent the horse down the track like any of the old drivers. The way young Johnnie handled the animal tickled the horsemen and they gave the boy an ovation when he pulled up in front of the auction stand". Note—It is needless to say what Johnnie Boone is meant. Since this event he has become a horseman of national reputation. He drove McKinley to victory after victory, making considerable money for his father. At every racing meet, even today, John is in on the money.

John F. Van Anrooy and Sons have purchased the milk route of Abraham Verlee, the south-side dairyman. Note—The milk route was a stepping stone to something better for after that John became a supervisor in Holland, later a Register of Deeds in Ottawa County, now he is Assessor for the city of Grand Haven and is also a candidate for the post-office at the county seat.

Miss Agnes Kramer very happily celebrated her seventh birthday by pleasantly entertaining a large company of friends. Games and declamation afforded a pleasant time before lunch and dainty refreshments fairly crowned the happy occasion. The little folks joined partners for lunch by pulling plums in the shape of pretty favors. The matching favors were partners who conducted themselves real stately for the occasion. A happy time was enjoyed by all. Those present were: Mabel Lapish, Ruth Price, Marion Van Drezer, Lillian Hopkins, Helene Vandea Belt, Gertrude Kanters, Ethelyn Vaupel, Ruth Keppel, Marie Diekema, Ruth Miller, Gertrude Kramer, Helene and Marion De Pree, Lucile and Ruth Mulder, Hazel Van Landegend, Marjorie Goldman, Marguerite Huntley, Gwendolyn Lewis, Bernice and Jeannette Mulder, Kathryn Vander Veen, Harriet Medes and Margaret Kamer.

Mr. and Mrs. W. H. Beach left Holland for New York from where they expect to sail for the Bermuda Islands for a month's stay.

The Anti-Soloon question and the curbing of liquor sale by druggists in Holland is becoming a live question in this city. Monday Arend Visscher, president of the police board personally examined the records of sales on file in every drug store and the few names recorded proved rather embarrassing. At the same time Mr. Visscher served notice that every druggist would be forced to record every sale, regardless of the name of the purchaser. Note—This was the beginning of liquor agitation in Holland. The question became more rife each year until the saloons were knocked and the druggists made to live up to the law. The war gave liquor its knock and blow.

There is on exhibition in the Model Drug Store a picture of Geo. H. Steketee the only living charter member of Unity Lodge 191 F and A. M. of Holland. The charter in this lodge was granted in 1867. This picture of Mr. Steketee was presented to the lodge and will be hung in their hall here. Note—Mr. Steketee passed away about a year ago so there is not a living charter member left in the local order.

ZEELAND

Rev. D. R. Drukker left for Pittsburgh, Pa., this week where he will spend a few days visiting with his son Raymond, who is attending the Presbyterian seminary at that place. The dominie will be accompanied by S. Vander Meer of Vriesland who will visit his old home town where he lived before coming to Zeeland ten years ago.

Vision!

Vision is the driving force that impels every great organization. The Chiropractic profession is an organization made up of men and women who have a vision of human souls searching endlessly for relief. This is the vision which led them to Chiropractic, and this is the vision which is always with them, ever urging to more stupendous efforts and more effective service.

It has been said that Chiropractors are not professional; that they overstep all bounds of ethics when they resort to printers' ink to place their message before the people. They see the finger of scorn extended toward them because they dare to tell the people openly the facts about Chiropractic and its results.

Let it, however, be said to their credit, that they endure that censure, knowing full well the price they pay. Why? Because every Chiropractor knows that he has something for which the world has been searching—something which will bring permanent relief when everything else has failed. With such a service to render, it would be nothing short of criminal to stand on ceremony for fear of creating antagonism. With a world full of suffering, holding in their hands the means of affording succor, it becomes a privilege, yes a duty, to send the message broadcast.

Your Chiropractor is one of ten thousand who is carrying this message to a world of sickness. He has the vision of your need and he has the vision of health which can be yours, if he can but impress this message upon you. If you will give yourself the privilege of calling, you will get a clearer and more logical explanation of the cause of your disease than you have ever heard before.
